RE: Air Compliance Inspection Report 11-29-2017 Reply 3AP20

Dear Mr. Augustine:

Included in this letter is a request for conference, a listing of the discussion points, and a reply to the Areas of Concern listed in the Air Compliance Inspection Report dated November 29, 2017.

We formally request a conference to discuss the review completed on multiple Jay-Bee Oil & Gas, Inc. facilities in September of 2017.

In this conference, we would like to discuss the areas of concern listed in the Air Compliance Inspection Report, which are as follows:

Ex. 4 CBI 7(A) 7(C)

Below are each of the areas of concern, with our plan of repair, explanation emission source, or what has been completed to repair.

Ex. 4 CBI 7(A) 7(C)

Ex. 4 CBI 5 DP AWP AC / Ex. 7(A) 7(C)

There are two noted thoughts and concerns from reading the report that we want to discuss to clarify accuracy of what was reported. Noted on page 6 of 19, paragraph 3 in the first table, it was noted of observed leaks in the

Ex. 4 CBI 7(A) 7(C)

Ex. 4 CBI 7(A) 7(C)

Ex. 4 CBI 5 DP AWP AC / Ex. 7(A) 7(C)

Jay-Bee wants to notes that we complete a Fugitive Emission Report for uncontrolled emissions that are recognized. This report is used to track the emissions, as well as the repair. We can provide examples of this report if requested.

Thank you for your patience awaiting reply and we look forward to discussing a date for conference. If you would have any questions concerning this matter, please feel free to contact our office at the numbers listed below.

Sincerely,

Ex. 7(A) 7(C)
